PROFILE

I am a graduate of Computer Science with 3 years of experience working as a Web Developer in the industry where I have gained and enhanced my skills in developing user interfaces, testing, debugging, and optimizing web functionalities.

I am passionate in programming, always aiming for career advancement and professional development, hard-working in nature, great team player, I have an enthusiastic demeanor and commitment to the things I am assigned to do. I am always willing and keen to learn more so I can continue to improve my skills, not only technical but also interpersonal.
